

Sound

LCB Depot's exhibition & events programme highlights work from a different creative practice every month. In September 2022 the focus is on sound including sound art, audiovisuals and music.

Work is exhibited across the site and online from **September 5th - 24th June 2022, Mon to Fri, 9am - 5pm**

DIY Synthesisers

Enarjay 808 the Terminator x Alectricity

DIY Synthesisers

DIY, retro-looking Synthesisers that are sure to catch eyes. One is of a theremin, matrix synth, generator and sequencer.

NFS

Artist Bio

Alectricity is the brains behind the Synthesisers and I, Enarjay 808 the Terminator, have contributed to them as well. We have become inseparable regarding these Synthesisers and known for making music, particularly Trap and Lo-Fi Hip-Hop beats with these devices that are hand built from the ground up with a true cyberpunk, 70's aesthetic.
